

8.0 - SAFETY/KEEN - PERMIT - LIMITATION - of - PERMIT - TRANSFER

- (c) Misrepresentation or failure to fully disclose all relevant facts in the wastewater discharge permit application;
- (d) Falsifying self-monitoring reports and certification statements;
- (e) Tampering with monitoring equipment;
- (f) Refusing to allow the District timely access to the facility premises and records;
- (g) Failure to meet effluent limitations;
- (h) Failure to pay fines;
- (i) Failure to pay sewer charges;
- (j) Failure to meet compliance schedules;
- (k) Failure to complete a wastewater survey or the wastewater discharge permit application;
- (l) Failure to provide advance notice of the transfer of business ownership of a permitted facility; or
- (m) Violation of any Pretreatment Standard or Requirement, or any terms of the wastewater discharge permit or this Chapter.

6. Limitation on Permit Transfer

Per Article 13.13.5.03.7 of the Ordinance, permits are issued to a specific discharger for a specific operation and are not assignable to another discharger or transferable to any other location, without the proper written approval of the District.

Individual wastewater discharge permits may be transferred to a new owner or operator only if the permittee gives at least sixty (60) days advance notice to the District and the District approves the individual wastewater discharge permit transfer. The notice to the District must include a written certification by the new owner or operator which:

- (a) States that the new owner and/or operator have no immediate intent to change the facility's operations and processes;
- (b) Identifies the specific date on which the transfer is to occur; and
- (c) Acknowledges full responsibility for complying with the existing individual wastewater discharge permit.
- (d) Failure to provide advance notice of a transfer renders the individual wastewater discharge permit void as of the date of facility transfer.

7. Dilution

Per Article 13.13.3.02.5, the Discharger must not increase the use of potable or process water in any way, nor mix separate waste streams for the purpose of dilution of a discharge
